Banchee and Raskol Jewelry Designs was started by Ann Jackson as a hobby to help others. "I started making jewelry as I could not find any quality silent auction items for the many charities that I volunteer for," Ms. Jackson said. Each jewelry piece designed by Ms. Jackson has a signature cat and angel charm. Banchee and Raskol Jewelry Designs, which derives its name from two stray cats taken in by Ms. Jackson, are made with gemstones such as Peruvian opal, amazonite, blue topaz, rubies and others. Ms. Jackson is former regional director for Fashion Group International, former department chairwoman at the Virginia Marti College of Art and Design, and adjunct professor in Ursuline College's School of Fashion Design.
